Hygiene Group unwraps biscuit factory contract

Hygiene Group is to provide contract cleaning services at a bakery making some of the nation's best loved biscuits.

The specialist cleaning and hygiene management provider will clean the baking environment, machinery, staff amenities and offices at Jacob's Bakery, owned by United Biscuits (UB).

Jacob's sweet biscuit assortments, Happy Faces and Iced Gems are produced by the bakery.

Daily cleaning by experienced Hygiene Group staff is scheduled to begin at the Canal Street production facility, in South Wigston, Leicestershire, in September.

Hygiene Group managing director Steve Bailey said: "This is another prestigious contract for us, and helps to strengthen our links with UB."

Hygiene Group already provides a self-developed electronic system to improve auditing of production line cleaning efficiency at UB's Stockport McVitie's factory.
